- (4) Gives assurance that within the first nine weeks of the 2020-2021 school year, the school would administer the NWEA assessments required by the Authorizer.
- (5) Ensures that a determination concerning the method for delivering pupil instruction shall remain at the Academy Board’s discretion based on the Academy’s guidelines, developed in consultation with the local health department, concerning appropriate methods for delivering pupil instruction taking into consideration local COVID-19 related factors and metrics, including the Governor’s current declared MI Safe Start level.
- (6) Gives assurance that the Board shall meet monthly to re-confirm how pupil instruction is being delivered at the school and whether it is consistent with the ECLP; and to ensure and announced the rate of 2-way interactions, as defined in the Act, that are occurring between students and teachers each week of the school year for at least 75% of students enrolled in the school, as well as allow for public comment on the ECLP and discuss whether changes to the method of delivery for pupil instruction under the ECLP are necessary.
